Becoming a Catholic Christian

The parish has a year-round/on-going process to assist adults in becoming Catholic. It also has a special program for older unbaptized children. Both can start any time. Call Deacon George (868-2310) for further information

Sacrament of Marriage

Engaged couples begin preparation for the Sacrament of Marriage at least 6 months before their wedding.

Please remember—a wedding date will not be scheduled until the assessment of their readiness for the Sacrament of Marriage has been completed. Contact the rectory for more information. Weddings are not scheduled during the Season of Lent. Anointing of the Sick

The sacrament is for those having surgery, the seriously ill, the chronically ill, and those near death. If you know in advance that you are going to the hospital, call one of the priests to arrange for anointing at home or church. In addition the sacrament is celebrated at church on the first Saturday of the month after evening Mass and on the third Sunday of the month after 8:00 Mass. It may be repeated as needed.

A PLEDGE TO PARISH LIFE

My parish is composed of people like me. I help make it what it is. It will be friendly, if I am. Its pews will be filled, if I help fill them.

It will do great work, if I work. It will make generous gifts to causes, if I am a generous giver.

It will bring other people into its community, if I invite and bring them.

It will be a parish of loyalty and love, of fearlessness and faith, and a parish with a noble spirit, if I, who make it what it is, am filled with these same things.

Therefore, with the help of God, I shall dedicate myself to the task of being all the things that I want my parish to be.

SUPPORT OUR SEMINARIANS

Convivium, Kenrick-Glennon Seminary's annual dinner auction, will be held on Saturday, November 6th at the Seminary. The funds raised are used to assist the seminarians in their priestly formation. Below are Several ways you can help.

- **Attend the Event.** The evening begins with Mass at 5pm at the Seminary. Following Mass, are cocktails, hors d'oeuvres, silent auction, dinner and the oral auction. Kenrick--Glennon Seminarians serve as waiters for the evening.
- **Donate an auction item.** Items such as themed baskets, gift certificates, golf outings, tickets to sporting events, jewelry, or trips would be most appreciated.
- **Make a cash donation.** Underwriters, those who donate \$1000 or more, receive special recognition in the program. All cash donations offset the cost of the dinner auction, thereby allowing all proceeds to benefit the seminary.

To request an invitation to the dinner auction, obtain a donor form, or if you have other questions, please contact Seth Jansen, Director of Development at 792-6113 or jansen@kenrick.edu. Donations received after Oct. 15, 2010 may be used next year.

UNDERSTANDING THE BASICS OF GALLSTONES

Gallstones are crystal-like deposits that develop in the gallbladder—a small, pear-shaped organ that stores bile, a digestive juice produced by the liver. These deposits may be as small as a grain of sand or as large as a golf ball; they may be hard or soft, smooth or jagged. There may be one or several gallstones.

Nearly 10% of men and 20% of women in the U.S. have gallstones or will develop them at some time in life, yet most of those who have the condition do not realize it.

When symptoms do occur, it's usually because the gallstone has moved and become lodged within a duct that carries bile. The typical symptom is abdominal pain, accompanied by nausea, indigestion, or fever. The pain generally occurs within an hour of eating a large meal or in the middle of the night.

Gallstones are also more common in people over the age of 60, in those who are obese or have lost a lot of weight in a short amount of time, in those who have diabetes, and in women who have had multiple pregnancies and who take hormone replacement therapy.

WHAT CAUSES THEM

The primary function of the gallbladder is to store bile that helps the body break down fatty food. When a meal is eaten, the gallbladder releases its stored bile.

Gallstones can form even in people who eat properly. A diet extremely low or high in fat can contribute to gallstone formation. Other factors that can reduce activity in the gallbladder, possibly leading to gallstone formation, include cirrhosis, the use of hormone replacement therapy, and pregnancy.

Family history, diabetes, sudden weight loss, and cholesterol drugs, and older age can also increase risk for gallstones.

And so, pay attention to any severe abdominal pain that may arise. Take it seriously and check with your doctor.

Have a good week...try to continue to stay cool.

Much Peace and Hope,
S.Rose Mercurio, SSND, RN

22nd Sunday in Ordinary Time

"Rather, when you hold a banquet, invite the poor, the crippled, the lame, the blind; blessed indeed will you be because of their inability to repay you."

LUKE 14:14

We have a difficult time with the concept of giving without expecting something in return. Even when we give to charity we often want something in return—a raffle ticket, a dinner, or a chance to play golf. Yet, as Christian stewards we need to remember that the true reward for our giving awaits us in heaven.
