Becoming a Catholic Christian

The parish has a year-round/on-going process to assist adults in becoming Catholic. It also has a special program for older unbaptized children. Both can start any time. Call Deacon George (868-2310) for further information

Sacrament of Marriage

Engaged couples begin preparation for the Sacrament of Marriage at least 6 months before their wedding. Please remember—a **wedding date will not be scheduled until the assessment of their readiness for the Sacrament of Marriage** has been completed. Contact the rectory for more information. Weddings are not scheduled during the Season of Lent.

Anointing of the Sick

The sacrament is for those having surgery, the seriously ill, the chronically ill, and those near death. If you know in advance that you are going to the hospital, call one of the priests to arrange for anointing at home or church. In addition the sacrament is celebrated at church on the first Saturday of the month after evening Mass and on the third Sunday of the month after 8:00 Mass. It may be repeated as needed.

**A PLEDGE TO
PARISH LIFE**

My parish is composed of people like me. I help make it what it is. It will be **friendly, if I am.** Its pews will be **filled, if I help fill them.**

It will do **great work, if I work.** It will make **generous** gifts to causes, **if I am a generous giver.**

It will **bring other people** into its community, **if I invite and bring them.**

It will be a parish of **loyalty and love,** of **fearlessness and faith,** and a parish with a **noble spirit, if I, who make it what it is, am filled with these same things.**

Therefore, with the help of God, I shall **dedicate myself** to the task of **being all the things** that I want my parish to be.

Christian Morality—The Adventure of a Lifetime

Our Calling—To Be Smart and Strong

MY GRANDMOTHER WAS A MORAL THEOLOGIAN. From an early age she taught me an important moral principle: *“Love the sinner. Hate the sin.”* She was very careful when it came to how she talked about people. She and my grandfather would do whatever they could to help someone in trouble, even if their troubles were of their own making.

Taking **responsibility** for wrongdoing, mistakes, and failures is **always easier when I know that I am loved** and that someone will support me in the changes I must make. Being loved is a gift—a **grace—more powerful than sin**. Being responsible means growing in my awareness—and helping others to be aware—of anything that limits or weakens my ability and my willingness to make good and right choices.

Gramma would also advise us to *“be careful about hanging around sinners”*. Curiously she didn't forbid it. She just wanted us to be smart and strong enough to handle it. She believed in us. We could make a positive difference in the lives of other people, especially those who might struggle with being good and doing the right thing. Today's Gospel reveals this same practical insight. In the times and world of Jesus the external expression of love and hate was more important than the internal human emotions. To love God with all one's heart means to be **totally attached** to God and **demonstrate** it in action. To love one's neighbor as one's self means to be as **attached** to the neighbor as to one's own family. To hate meant to be **detached or indifferent** to another person or group. Like my Gramma though Jesus worked with his disciples to encourage **a more inclusive behavior toward sinners**. In the Church there is no room for selective attachment and aloofness.

As you may already be aware our Church has begun **a parish-based initiative** aimed at educating Catholics on the magnitude of **the problem of pornography** both in our parish and in society. This initiative—*As For Me and My House*—provides prayer, information, counseling and healing resources for those affected by pornography in any way.

THE MAKING AND USE OF PORNOGRAPHY is a serious sin. For many people in our community pornography is an addiction. As a Church we are **committed** to challenging and changing these realities through **heighten awareness** of the problem and **compassionate intervention**.

\$14 Billion Annually spent on pornography in the United States

24 Million Estimated number of pornographic websites

70-90% Number of teens who have viewed pornography

11 Average age of first exposure to pornography

50% or less Catholic who know pornography is an act of marital infidelity

I encourage you to take advantage of the opportunities and resources you will find noted in today's bulletin. Please also try to participate in the **Parish Awareness Conferences** being offered in our area. Many if not most families are affected by pornography. Marriages are failing and people are losing their jobs because of it.

Please don't hesitate to call if you think you are having a problem with pornography and if you know of someone who may be addicted.

As Church—the People of God—we are called to be *“smart and strong”*, to *“love sinners and hate sin”*. We are called and gifted—graced—to demonstrate love in ways that encourage and make it easier for everyone to make good and right choices. We are called to **evangelize our culture** concerning the joy, beauty, and sanctity of human sexuality.

Teachers Instructions

Penny Test

Many things Jesus taught may seem hard to understand. However, we must have faith that we are following in the right path.

This test seems unbelievable, but after you do it several times, you will come to understand it.

- 1. Get a penny, a cup of water, a water dropper, a piece of paper, and a pen/pencil.
2. Write down how many drops of water will stay on the penny before spilling over.
3. Now put 1 drop on the penny and write down your second guess.
4. Continue putting the water droplets onto the penny until it spills. Were you close in estimating?

- *Try it again and see if you get the same results.
*Try it with quarters, dimes, and nickels.
*Try using clean and dirty coins.
*Are the outcomes the same?

GETTING MORE CALCIUM AFTER 50

Keeping our bones strong and healthy is key to preventing osteoporosis, the bone loss that leads to poor posture, back pain, hip fractures and many of the other problems that can inhibit our mobility as we age.

Try some of these tricks to boost your calcium in your diet to maintain strong bones. These tricks can help even if you already have osteoporosis.

- **DON'T SKIMP ON DAIRY**—As we get older, many of us cut out milk from our diet, according to experts, this is a big mistake. Unless you are lactose intolerant or vegan, milk is still the best way to maintain your calcium intake.
- **CHEAT WITH TREATS**—Frozen yogurt has a significant amount of calcium, that from a local treat shop as well as commercially processed frozen yogurt. When making a cake or pudding or fudge or other desert, use evaporated milk.
- **ADD CHEESE TO THOSE MAIN DISHES**—Don't limit yourself to the standard cheeses like jack, cheddar or Swiss, but also use mozzarella, ricotta and parmesan in casseroles, pasta and other main dishes. Adding these cheeses to your food may help maintain the calcium level you are looking for.
- **FOCUS ON FORTIFICATION**—Many foods are now fortified with calcium to give them that extra boost, look for them at your grocer and take advantage of getting calcium with other foods; orange juice, breakfast cereals, soy milk and any food labeled "calcium fortified."
- **SOAK UP THE SOY**—Calcium-fortified soy milk has more calcium in it than milk, so if you can drink it, do so.
- **GO GREEN**—Kale, broccoli, lettuce, bok choy, cabbage and other green leafy vegetables are fabulous sources of calcium.
- **TAKE A CALCIUM SUPPLEMENT**—Combine your calcium supplement with magnesium. It has been shown that magnesium with calcium helps prevent bone loss. You can find combination pills at any pharmacy or nutrition store.
- **ACCOMPANY CALCIUM WITH VITAMIN D**—Vitamin D is also crucial to bone health, experts recommend getting 15 minutes a day of sunlight to help build Vitamin D as well as take a Vitamin D supplement.
- **CUT DOWN ON CAFFEINE**—Caffeine weakens bones by increasing the excretion of calcium. Limit to 2 cups per day and add milk or cream.
- **BEWARE HIGH PROTEIN DIETS**—Diets high in animal protein can leach calcium from your body.

*Looks like Spring may be here soon! Here's to a healthy you, get out and enjoy the sunshine.
Peace and joy,*

7th Sunday in Ordinary Time

"Sould anyone press you into service for one mile, go for two miles." MATTHEW 5:41

Our Lord clearly challenges us to go the extra mile in our service. We are invited to participate more fully in the work of the Church. In this busy world that is not an easy challenge to accept. Yet, our response can become easier and clearer for us when we take the time every day to simply ask, "Lord, what do you want me to do with all the gifts You have given me? How would You like me to become more fully involved in the life of Your Church?"
