Sacrament of Marriage

Engaged couples begin preparation for the Sacrament of Marriage at least 6 months before their wedding. Please remember—a wedding date will not be scheduled until the assessment of their readiness for the Sacrament of Marriage has been completed. Contact the rectory for more information. Weddings are not scheduled during the Season of Lent.

Anointing of the Sick

The sacrament is for those having surgery, the seriously ill, the chronically ill, and those near death. If you know in advance that you are going to the hospital, call one of the priests to arrange for anointing at home or church. In addition the sacrament is celebrated at church on the first Saturday of the month after evening Mass and on the third Sunday of the month after 8:00 Mass. It may be repeated as needed.

A PLEDGE TO PARISH LIFE

My parish is composed of people like me. I help make it what it is. It will be friendly, if I am. Its pews will be filled, if I help fill them.

It will do great work, if I work It will make **generous** gifts to causes, if I am a generous giver.

> It will **bring other people** into its community,

if I invite and bring them.

It will be a parish of loyalty and love, of fearlessness and faith, and a parish with a noble spirit, if I, who make it what it is, am filled with these same things.

Therefore, with the help of God, I shall **dedicate myself** to the task of being all the things

that I want my parish to be.

Celebrating God's "Big Idea" - You Are the Light of the World Being Men of Faith and Compassion

THE MOST IMPORTANT CHURCH in any person's life is the church where you were baptized. Here you were immersed in a community of Christian faith and a Catholic way of life. These people and these values made you strong in two important ways - you became more inclusive and more caring of other people. No matter where you live, work, play, or worship this church matters most. It's the source of an "indomitable" spirit that lives within you.

I'm happy to welcome to our parish again this weekend a group of Catholic men who gather here because of their faith. I'm grateful for our Men's Club continuing to organize this event. With these men we all have much to remember, to look forward to, and to thank God for in our lives. May the life of St. Joseph and the lives of these men help us to remember that letting God give direction to your life expands your capacity for loving others which always leads you someplace good.

Rise up in splendor, Jerusalem! Your light has come, the glory of the Lord shines upon you.

Nations shall walk by your light, and kings by your shining radiance.

You shall be radiant at what you see.

Book of the Prophet Isaiah 60: 1,3-4

"The message
of reconciliation has also
been entrusted to the whole
community of believers,
to the whole fabric
of the church,
that is to say, the task of
doing everything possible
to witness to reconciliation and
to bring it about in the world."

Encyclical Letter on Reconciliation, Pope John Paul II

A Two-Minute Daily Spiritual Exercise Learning Not to Put Limits on God

WE ALL HAVE DAYS WHEN OUR FAITH IS WEAK. Days when we're tempted to limit what God can do for us and through us. For example, we give up trying to change a bad situation because of too much opposition. We give up trying to connect with someone who seems distant. We give up trying to make a difference because change is taking too long. We all need encouragement.

The following spiritual exercise might be a good way to discover and deeply remember the "indomitable Spirit of God" in your life. An investment of just two minutes each day will lead you - and through you many others - to a fullness of life and indomitable spirit of care for others.

First, quiet down, within yourself and around you. Then simply ask God to be with you and to guide your thoughts on these questions about your day:

What happened in my life today?

Remember the simple facts and events so easily forgotten in the busyness of our days.

How did I feel as my day went on?

Go a bit deeper than the facts and recall one or two of your stronger emotions.

Where was God during my day today?

Let God remind you of the persons, ideas, memories, objects, or anything that was a part of your day and meant to be a sign to you of God's presence and power.

Take just two minutes everyday for this exercise. Your faith will be strong in the sureness - no matter what may happen in your life - that God is with you. Also, teach this exercise to your children early in life and our Church will be strong in faith.

MISSOURI PAYDAY LOAN RESTRICTION

Most of us have heard of Pay Day or Title loans. These loans prey on those who can least afford it. Interest rates on these loans can be upwards of 400%. These loans are not regulated under legal usury laws. It is very probable that someone you know has been harmed by these exorbitant interest rates. After all Masses on January 14th and the 15th in the community center, you will have the opportunity to sign a petition on the Missouri Pay Day Loan Restriction. Please take the time to sign the petition to make your congressman aware of your disagreement on Pay Day/Title Loans.

COLD & FLU SEASON IN FULL SWING

Although the common cold can make an appearance any time during the year, the winter months have been known as cold and flu season. And surveys and statistics show that the incidents of colds and influenza tend to spike from December through February.

Many people believe that colds and flu are the result of cold weather, but the medical and alternative medicine communities have their own opinions regarding how people catch colds or the flu. One doctor even states," The cold and flu are transmitted by respiratory droplets from one person to another."

An herbalist recommends Vitamin D3 supplements because the cold weather keeps people indoors and they are unable to get vitamin D from sun exposure, which boosts our immune systems. She also says that Vitamin D3 is the easiest to absorb and can take the place of sunlight exposure.

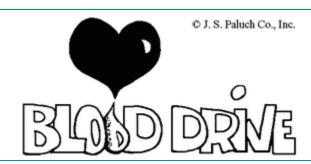

Many who practice medicine believe that exposure to cold weather does not cause colds or flu, but if the virus has already entered the body, being cold or fatigued can decrease a persons immunity. Those who practice alternative medicine believe that vitamin supplements are the key to remaining healthy.

Adults in the workplace, as well as children in school are pressured to have good attendance. This just sets us up to encourage bad behavior. We send our children back to school to soon and expose other children or we, ourselves go to work when we feel ill because we don't want to have a poor attendance record.

According to the medical population, most colds and flu have a duration of 7-10 days. Adults and children are highly encouraged to stay home when they are sick, at least during the worst part of the illness. Once symptoms have noticeably improved and the temperature is returning to normal, it is considered safe to return to school or work. Other recommendations to prevent spreading a cold or flu would be to wash hands frequently and not touch the nose and mouth. Over the counter medications usually work in helping a person get over a cold or the flu, but worsening symptoms may require antibiotics prescribed from your doctor.

For Divorced and Separated Catholics Desiring a Sacramental Marriage Quick-Start Annulment Program

IF YOU DESIRE THE SACRAMENT OF MARRIAGE as a divorced or separated Catholic and want to better understand what you may need to do in order to receive this Sacrament, take some time to think and pray about attending one of the Quick-Start sessions listed below. If you find taking this first step difficult, you may want to talk with a family member or friend and ask for their support. I would also encourage parish members to invite and encourage their friends and family to take advantage of this opportunity.

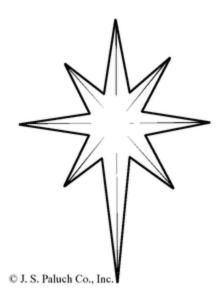

Any one of these sessions will give you a brief overview of the Sacrament of Marriage with an explanation of the annulment process. You will receive personal assistance from a member of our Church who has helped others with this process. If you are ready, you can even begin any application process that may be required.
