Becoming a Catholic Christian

The parish has a year-round/on-going process to assist adults in becoming Catholic. It also has a special program for older unbaptized children. Both can start any time. Call Deacon George (868-2310) for further information

Sacrament of Marriage

Engaged couples begin preparation for the Sacrament of Marriage at least 6 months before their wedding. Please remember—a wedding date will not be scheduled until the assessment of their readiness for the Sacrament of Marriage has been completed. Contact the rectory for more information. Weddings are not scheduled during the Season of Lent.

Anointing of the Sick

The sacrament is for those having surgery, the seriously ill, the chronically ill, and those near death. If you know in advance that you are going to the hospital, call one of the priests to arrange for anointing at home or church. In addition the sacrament is celebrated at church on the first Saturday of the month after evening Mass and on the third Sunday of the month after 8:00 Mass. It may be repeated as needed.

A PLEDGE TO
PARISH LIFE

My parish is composed of people like me. I help make it what it is. It will be friendly, if I am. Its pews will be filled, if I help fill them.

It will do great work, if I work. It will make generous gifts to causes, if I am a generous giver.

It will bring other people into its community, if I invite and bring them.

It will be a parish of loyalty and love, of fearlessness and faith, and a parish with a noble spirit, if I, who make it what it is, am filled with these same things.

Therefore, with the help of God, I shall dedicate myself to the task of being all the things that I want my parish to be.

Celebrating Partnerships for the Future of Our Parish

Archdiocesan Grant Supports

Parishes' Commitment to Our School

ABOUT TWO YEARS AGO parish and school leaders began working on a three-year strategic plan that would affirm our commitment to the faith formation and religious education of our children as well as the academic excellence of our school. This plan was designed to reduce the expense of our school and to support the vibrancy of our school's sponsoring parishes. It also called for the Archdiocese and other Catholic organizations to partner with us so that a Catholic school is available and affordable in the communities served by our parishes.

In early February our school received a **\$200,000** grant from the 2012 Archdiocesan **Annual Catholic Appeal**. This grant represents the Archbishop's recognition of our school's commitment to Catholic identity, excellence, and continuing growth. It is an affirmation of the responsible way in which our parishes are working with school leaders to insure the viability of this important ministry of our Church.

The Archbishop expects that we will continue to strengthen our school's Catholic identity and to adhere to the standards of excellence for academics and faith formation at the heart of our school's mission. We are required to submit a revised budget for the 2012-2013 school year by June 1st as well as quarterly reports demonstrating our commitment to a balanced budget. We must also begin to identify additional sources of funding for our school and cooperate with the **Catholic Education Office**, who has oversight for the use of these funds, to achieve these expectations.

We believe that we have clearly demonstrated the need for a Catholic school in this region of our Deanery and have now received a strong Archdiocesan commitment in support of our school. In addition, for the past two years our parishes have been actively working with the **Federation of Catholic Schools in the Northeast Deanery** to achieve the Archbishop's vision that our schools be centers of faith, learning, and service. Together with the Archbishop we are committed to the priorities that will enable our schools to be all the more **Alive in Christ!** - catechesis and academic excellence, evangelization, social justice, and stewardship of resources.

This grant is the direct result of the generosity of Catholics from parishes across the Archdiocese. Giving through our Annual Catholic Appeal supports many of the charitable programs and ministries of the Church of St. Louis - including Catholic education - that parishes alone so often would never be able to provide. When we work together our Church is a strong and effective sign of the power and presence of Christ among us. Out of gratitude for all we have received, we encourage your continuing and generous support this year for the Appeal in our parishes.

YOUTH NEWS

Many of our youth group who attended the Prolife trip wrote reflections about their experience (mainly because I asked them to) but there were a few that really touched me. This reflection by David Bober is one that I felt needed to be shared because it shows how lives can be touched if they are open. We all live imperfect lives but if we can have moments of insight, those moments can make a difference in our lives. Thanks David for letting me share this!!

I have now gone on this retreat three times. The first time was my opening experience. I went out there for the first time to see what it was like. My second time, I know a lot more people there so I had more fun than faith and just went crazy with my friends that were there. They were both amazing times, but this time was different. This time I decided to completely open up and let the power of Christ overflow within me. First, I volunteered to say a decade of the rosary aloud. I'm not too familiar with it so I screwed up a couple times, but it felt nice being the only one from my group who volunteered. This retreat, I spent a lot of time thinking about my chastity. I've always been all for chastity. I lived by it, or so I thought I did. This weekend I actually began to ponder about what chastity might really mean to me, or to God. Chastity is different from abstinence. Chastity is respecting the body of you and the bodies of all other humans. Sex is God's gift to us and some abuse it. It really hit me this year, so bad tears actually came to my eyes. I realized then that no matter what I did in my life, I wanted to live my life with the gift of chastity that God has bestowed upon me.

This weekend just opened my eyes. It showed me it's not weird to display your faith in front of others, but you shouldn't flaunt your religion in other's faces. I learned how truly important chastity really is to me and how much God blessed us with the gift of our sexuality. And finally, I learned that no person can do anything better than to show respect to their fellow man. Deep down, everyone just wants to be treated with common respect. If we could learn that, there would be so much more peace in our world. By David Bober

30 FAMINE RESULTS

Our youth group along with Blessed Teresa of Calcutta's south had an experience of fasting for a total of 30 hours with sponsors that helped us to raise money for World Vision. We stayed at the BTC youth house and had many experiences getting in touch with the hungry poor of our world. Some of these included a scavenger hunt in the neighborhood for can goods, lots of interactive tribal challenges and a trip to Shop and Save pretending to be a family with \$25 to feed a family for 3 days. Together we raised \$850 thanks to all our sponsors including some wonderful parishioners. Great job everyone! April 5th is our **HOLY THURSDAY OVERNIGHT!** If you'd like to get some details there are forms in the back of church. Check it out!

COLORECTAL CANCER AWARENESS

Over the past few decades, more people have been surviving colon cancer and fewer people have been dying from it. This is due to improvements in colon cancer screening and treatment. Screening finds polyps, growths that can turn into cancer, and removes them. This helps the doctors detect the disease earlier and is likely easier to treat.

There are 5 common myths that keep people from getting screened for colon cancer, knowing these are just myths will help you lower your chances of developing colon cancer.

- Colorectal cancer is a man's disease.
- Colorectal cancer cannot be prevented.
- African Americans are not at risk for colorectal cancer.
- Age doesn't matter when it comes to getting colorectal cancer.
- It's better not to get tested for colorectal cancer because it's deadly anyway.

All these are MYTHS, do not let these keep you from receiving early detection of colorectal cancer.

Most people diagnosed with colon cancer are over the age of 50, but some people have **risk factors** that make them more likely to develop it at an earlier age. Knowing the risk factors and getting screened earlier and having the test more often will aid in detecting the cancer earlier and allow for immediate treatment.

What is a risk factor? A risk factor is anything that affects your chance of getting a disease such as cancer. Different cancers have different risk factors. Remember, risk factors don't tell us everything. Having a risk factor or several risk factors doesn't mean you will get the disease. And some who get the disease had no risk factors.

Next article, I will discuss all the risk factors for colorectal cancer and what they mean to you.

*May the spirit of St. Patrick be with you
always,
Buffy Modde, Parish Nurse @ HNOJ*

WHY IS IT
A man wakes up after sleeping
under an ADVERTISED blanket
on an ADVERTISED mattress
and pulls off ADVERTISED pajamas
bathes in an ADVERTISED shower
shaves with an ADVERTISED razor
brushes his teeth
with ADVERTISED toothpaste
washes with ADVERTISED soap
puts on ADVERTISED clothes
drinks a cup
of ADVERTISED coffee
drives to work
in an ADVERTISED car
and then . . .
refuses to ADVERTISE
believing it doesn't pay.
Later if business is poor
he ADVERTISES it for sale.
WHY IS IT?
