Stewardship Alive! -

Real Change and Hope

EVEN AS CHILDREN WE BEGAN TO LEARN the fine art of "name dropping". This is a "skill" that's really all about "self-promotion": "I am more important because I know 'so-and-so'". Surprisingly today's readings actually proclaim that as followers of Jesus we are all called to be "name droppers". However, it's not about self-promotion nor merely a matter of words.

To live and act "**in the name of Jesus**" does not lead to self-aggrandizement but to self-stripping as we "cut off" from ourselves any behaviors and attitudes that disconnect us from Jesus. Hopefully since childhood we've also been learning something else. As we grow in our ability to act "in his name", we open ourselves to **a wider, more inclusive circle of people** who are all traveling the same path Jesus laid out for us - a path that makes present the kingdom of God.

We must learn and help each other to go beyond prejudice, past negative experiences with certain persons, jealousy, fears, narrow-mindedness, and self-centeredness. We must open ourselves to and learn from others who are acting "in the name of Jesus". We much reach out "in his name" even to those who are acting "against" Jesus. This is name dropping as it should be.

I have always felt that my life was blessed this world has thrown me and my family curve balls, but... our heavenly Father has always provided me with what I needed to endure them, and even grow from those experiences.

God worked through people like you. People of faith, who had the courage to be their brother's keeper. People who saw the message of stewardship in sacred scripture, and decided to share their time, talent, and treasure through the Church, with people like me.

Today we celebrate just how free flowing God's grace really is. We must not attach ourselves to the privilege of His position but to His mission.

JOIN ME IN THANKSGIVING to God for the success of our **Fall Festival and Homecoming**. I think that we've succeeded again in coming together as a parish and in

making our presence felt in the communities we are here to serve. We were blessed with a beautiful day and in the time and talents that so many contributed to the games, fun, and good food that made it easy "to enjoy each other's company". Beginning today and for the next several weeks there's much to report. But, first and foremost I thank God for all of you who were able to attend and who invited your family, friends, and neighbors to be with us. If you had a good time, please tell us why. If you've got a good idea for the future, now is the time to let us know.

Over the past few weeks we've been giving a lot of attention to our need to be good stewards of the blessings God has entrusted to our care. It's good for us when we do. And more than we may ever know, a blessing in the lives of others.

We are all blessed in our relationship with God. And so I challenge you, as I challenge myself, to share of His bounty, and let other know we are Christians by our love.

ANNUAL REPORT, STEWARDSHIP GENEROSITY INFORMATION AND PARISH DIRECTORY

By now, most everyone should have received a copy of the parish's Annual Report, Stewardship's Generosity information and our Parish Directory. First, if you have not received, by mail, any or all of these items, within the next two week, please stop by the Parish Office to pick up a copy of what you are missing. Second, if your address and/or telephone number has changed since the printing of new our directory please contact the office with your new information. Finally, if the contact person for your ministry has changed, that information is needed also for up-dating our files and listings. The more current the information we have helps us to better serve your needs.

There is a **correction** to the 'Giving Guide'. To the left of the guide it indicates that there is an 'Intention Card' for listing your Time and Talent and that it may be dropped into the offertory basket. During this Stewardship Season, no Intention Card for Time and Talent was used in this mailing. If you are interested in signing up for a specific ministry to share your Time and Talent, please use your Stewardship Directory that is in your new Parish Directory. It lists our entire group of parish ministries. Locate the ministry of your choice and contact the person listed for that ministry. Apologies to everyone for any confusion this may have caused.

26th Sunday in Ordinary Time

"Anyone who gives you a cup of water to drink because you belong to Christ, amen, I say to you, will surely not lose his reward." MARK 9:41

Our Lord's comment about the simple gesture of giving a drink of water is a reminder of how Jesus taught That we would all be judged at the end of time. *"For I was hungry and you gave me food, I was thirsty and you gave me drink, a stranger and you welcomed me, naked and you clothed me, ill and you cared for me, in prison and you visited me."* Matthew 25:35. Our service and sacrifice to our parish and the greater Church allows us to care for Jesus when He is hungry, thirsty, ill or in need.

TREASURES FROM OUR TRADITION

Did you ever notice how often the angels are referred to during Mass? We commonly meet them in the Confiteor ("I ask blessed Mary, every virgin, all the angels and saints"), prefaces ("with angels and archangels and the whole company of heaven"), the Roman Canon ("we pray that your angel may take this sacrifice"), and Eucharistic Prayer IV ("countless hosts of angels stand before you to do your will"). Last week and this week angels abound as we celebrated Michael, Gabriel, and Raphael yesterday and will honor the Guardian Angels on October 2. September 29 was originally the feast day for Michael alone. Gabriel and Raphael joined him in the 1969 reform of the Church calendar. The celebration of the Guardian Angels has been observed since the sixteenth century in Spain. Pope Clement X assigned the feast to the first free day after St. Michael's in 1670, and there it has remained. Take some time this week to reflect on these, God's messengers and our protectors, and maybe even celebrate with a little angel food cake!

Stewardship Alive! - We Are Blessed in the Sharing of All Gifts
Concert of Sacred and Classical Music

On Sunday, **October 14th**, at **2:00pm**, **Christine Pondo**, a member of our parish will give a one hour concert in our church. The program will include a variety of sacred and religious music as well as Beethoven's Opus 13 Sonata Pathetique. Chris has a personal love for music and is dedicated to helping other appreciate music as an important part of our lives of faith. *"I wish more people could 'witness' how God had touched their lives."* Through her gift of music she has been give a way to do that in her life. Our hope is that this concert might inspire many others to recognize and share their gifts with others in ways that reveal that God is with us.

Key to Trimming "Bad Fat"

A new study recently released that increasing daily soluble fiber intake may help you to lose dangerous, visceral fat. Visceral fat produces hormones and other substances linked to a host of chronic diseases.

We have essentially two kinds of fat; subcutaneous fat, found just under the skin and visceral fat, located deep in the belly that wraps around a person's vital organs. Researchers from Wake Forest Baptist Medical Center have found ways to hone in on this deep belly fat. That can be done by getting moderate amounts of regular exercise and eating more soluble fiber from vegetables, fruits and beans.

High rates of visceral fat have been associated with high blood pressure, diabetes and fatty liver disease. Making a few simple changes in diet and exercise can have a big health impact.

What is the difference between soluble fiber and insoluble fiber? Both fibers are important for health, digestion and preventing diseases, but they have different actions and soluble fiber is more important when it comes to visceral fat.

Soluble Fiber———This attracts water and turns to gel during digestion which then slows digestion. Soluble fiber is found in oat bran, barley, nuts, seeds, beans, lentils, peas, and some fruits and vegetables. Soluble fiber may help lower cholesterol, which may help prevent heart disease.

Insoluble Fiber———This is found in foods such as wheat bran, vegetables and whole grains. This adds bulk to the stool and appears to help food pass more quickly through the stomach and intestines.

All fiber is important, increasing soluble fiber is the thing to do when you are battling belly fat. Researchers know that increasing soluble fiber in your diet reduces visceral fat, they just don't know how it works, and believe more research is needed to study the relationship between soluble fiber and these deep, belly fat deposits.

Our hope is in you, O Lord.

Buffy Modde, Parish Nurse @ HNOJ***

NEW SOUNDS FROM THE MUSIC ROOM

Music classes are ringing with a new set of handbells. Handbells are tuned to specific pitches like the keys on a piano and are used to play melodies or harmonies. Each student can be responsible for 1 or 2 notes (one per hand) in the music. They will be very useful in introducing basic pitch and rhythm to our young students. Our older students will be challenged by performing melodies and harmonies as a team, each according to their own pitch, all acting as one instrument. Our Christmas concert just became a lot more fun and challenging

"For bells are the voice of the church..."

SECOND GRADE SCIENTISTS

Second grade has been learning all about different environments and how animals adapt to live in their environments. The students worked together in teams to research a different environment: the rainforest, desert, tundra, ocean, grasslands, and ponds. They found out about the plants and animals that live in them and how they have adapted. Each team then made a poster depicting their environment. They all did a great job!

PIRATE VISITS PRE SCHOOL

Did you know September 19th was Talk Like A Pirate Day? Well the Preschool does now thanks to our special visitor. Dr. Hook came to our room in his pirate attire and read us a book called "How I Became a Pirate." Then he told us his parrot was sitting on his shoulder on his way to see us, but when he opened the window, his parrot flew out. We were very sad. He showed us some jewels and gold coins and gave each of us a special chocolate gold coin. We even learned how to talk like a pirate. Just ask us. Aaarggg! It was a great day.

POLITICS AND OUR PARISH

I most certainly would encourage our parish members to **be active in this year's political process** by becoming **informed** concerning the issues, by **considering prayerfully your choices** – ones that will not only benefit you personally but also support the common good – and by **responsibly exercising your right to vote** in this year's election.

All political activity on parish property must conform with these **“Guidelines on the Distribution of Political Literature and Materials”**. These guidelines respect the clear and specific Federal restrictions governing the participation of religious and non-profit organizations in the political process. Furthermore, they both **invite and challenge candidates and political organizations to engage our parish members in conversation and open debate of the issues** in a way that is civil and informative for all concerned.

The “leafleting” of cars or the use of lawn signs does not actively engage our community in the political process, and often are a nuisance or an offense to parish members. **EVERY PARISH MEMBER SHOULD KNOW THAT PERMISSION IS NEVER GIVEN FOR ANY OF THE ABOVE ACTIVITIES.** When these things do occur we will notify such persons or groups of our policy. Every parish member should do the same.

You may want to save the following **“Guidelines”** for your future reference or to pass them on to candidates or political groups for their information.

Guidelines on the Distribution of Political Literature and Materials

The First Amendment to the United States Constitution guarantees the right of all citizens to be involved in the political processes of our nation. Furthermore, it is a moral obligation of all persons – individuals and communities – to be attentive to how their decisions affect other people. We have the right and responsibility to be involved in the political conversations and elections that determine our forms of government and system of laws.

Historically the Catholic Church in the United States has conscientiously refused to participate in partisan politics, particularly the endorsement of individual political parties or candidates. At the same time, the Church has felt a keen responsibility to educate its members as well as the larger community regarding the moral and ethical dimensions of public policy.

Therefore —

Permission will not be given to any individual or group to distribute or place partisan political literature and/or materials on our church property, in particular, it is not permitted to place leaflets on vehicles or lawn signs on parish property which is considered only a “quasi-public area”. *Since our parish Community Center is a polling place these activities may take place only on election day near the entrances of the polling station.*

Individuals and groups wishing to publicly state their positions on particular issues, and engage the members of our community in discussing such issues, may be invited to do so according to the interest of the parish and the availability of time and space. Organizations and/or individuals should contact our pastor, Father Mike Henning, to request consideration.
