JOHN THE BAPTIST WAS THE FORERUNNER OF JESUS.

Today we celebrate **the mission of God's saving plan** being passed from John to Jesus, through whom it will reach across the continents to every corner of the Earth. Just as the Olympic torch is passed on from runner to runner as it is carried across continents to the site of the games, through our baptism each of us are the runners, the torchbearers of God's saving plan today.

The baptism of Jesus marks the beginning of Jesus' **public ministry**. Everything he will say and do after being baptized will fulfill **God's desire for human salvation**. In baptism we are called to enter into **a new relationship**

a mission
parish
with a mission

with God and with one another as the community of God's beloved people. Our own **public ministry on behalf of the human needs** of those around us carries on the mission of God's saving plan and our relationship with God deepens. In this time and place, and across the continents, **we are the torchbearers with Christ of God's desire for human salvation**. Here we confess our belief in the dignity of all human persons and justice for all.

Here we strive with all our energy of body and soul for right relationships, we discover our gifts and we place them at the service of the human need for community. All this is the burning desire of God lit within us at the moment of our baptism. The torch of the light of Christ that has been passed on to us.

THE HUMAN NEEDS of our community are clearly evident as is the mission mandate of Christ to use the gifts entrusted to us for the good of all. I encourage you to take some time to read and think about **the summary of**

census data on our parish that you will find in today's bulletin. Usually we think that a parish exists to serve the spiritual and social needs of Catholics. While this is true, **a Catholic parish** actually exists to serve the needs of every person who lives within the parish boundaries. The Church has always taught—maybe not so well communicated—that every person living within our boundaries is a **"parish member"** and some are **"registered"** members.

As a **"mission parish"** we need to be aware of and responsive to the predominately Non-Catholic population that lives within our parish boundaries. As a **"parish with a mission"** we need to be deliberate about finding ways to remain a viable organization in our community even though our human and financial resources are declining.

Our Parish Pastoral Council is now developing the strategy for ensuring a Catholic presence in this community for years to come. We will accomplish this by making parish **membership, stewardship** of our resources, and outreach to the community through **partnership** with others **our priorities**. In these ways, here and now, God's desire for salvation will be achieved.

Before the challenge of carrying out faithfully and generously the mission of Christ, we are all deeply conscious that the mission is His.

Of ourselves, we will accomplish nothing. With Christ we can do all that God the Father asks of us especially when it is difficult for us.

Health Advisory

Your commitment to Mass is a sign of the vitality of our parish. However, for the health of our whole community, **if you are not feeling well**, be attentive to these recommendations:

Don't Come To Church...

- With a fever—be fever free for 24 hrs.
- When you're not feeling well—achy, tired, sore throat, no energy
- When you're coughing and sneezing a lot with a runny nose or headache

When You Do Come To Church...

- Use hand sanitizer at church entrances
- With slight symptoms of cold or flu —
 - Don't take communion from the cup
 - Offer the sign of peace with a friendly wave or simple bow

Thank you for your cooperation in **taking responsibility for the health of our community**. Remember, it's **sad** to miss Mass when you're sick or taking care of someone who's sick, but **not sinful**.

PEACE

We should have great peace if we did not busy ourselves with what others say and do.

UNITY

Unity is vision; it must have been part of the process of learning to see.

CERTAINTY

The Son of God died; it is by all means to be believed because it is absurd. And he was buried and rose again; it is certain because it is impossible.

TREASURES FROM OUR TRADITION

Through the centuries, artists and craftspeople have depicted Jesus' baptism in the Jordan River by John. At first in mosaics and frescoes, and later in tapestries, stained glass, and paintings, the scene is familiar. Jesus is standing waist-high in flowing water. Above him, standing on dry land, John the Baptist pours water over Jesus. The first artists to depict this were sketching from memory. This is exactly how most people were baptized in the early days: as adults, standing or kneeling in the water, with water poured over their heads.

This method of baptizing, called immersion, is the favored way today. An adult enters a font, or an infant is lowered a bit into the water supported by a parent's hand, and water is poured or splashed over them. The treasures of baptistry art attest that submersion, or plunging beneath the water's surface, is not really in our tradition, and that "infusion," the mere pouring of a few drops of water, yields too narrow an understanding of what it means to be plunged into Christ's life. Jesus Christ has gone before us into the water, and waits for us there with abundant gifts. No wonder the tradition calls for abundant symbols!

HEALTHY PROMISES FOR 2014

Instead of trying to do many things, revolve to make a small number of important changes, one by one:

- Ill start at least ONE physical activity.
It may be hard at first to fit exercise into your busy day, but stick with it-it will get easier.
- I'll adopt ONE dietary guideline.
Keep fat calories to less than 30% of your total daily calorie load.
- I'll kick ONE bad habit
Skipping breakfast, snacking late at night or sitting in front of the TV too much can be just as hazardous to your health as smoking.
- I'll make ONE new friend.
People with close friends or support groups are less likely to have strokes or heart attacks and more likely to survive major illnesses.
- I'll have ONE thorough checkup.
When you see your doctor, ask which health screenings you should be getting, then follow through.

On January 4th, I left with the Belize Mission Team, for my much anticipated Mission trip to the District of Toledo in Belize. Please know that I will be taking you with me in so many ways. You have donated school supplies, personal hygiene products, flip-flops and money toward the success of this service. On behalf of the people of Belize, thank you so very much. Without the help of generous people like you, our ministry would not be possible.

I will be returning to the office on January 15th, and look forward to sharing our experience with you.

Holy Name of Jesus Parish—December 2013 Demographic Scan of the Community We Are Called to Serve

A Mission Parish With A Mission

Last year we established a new **Parish Pastoral Council** with the primary purposes of **strengthening our Catholic presence** in Northeast St. Louis County as a sign of saving unity, **keeping our parish vibrant**, and **promoting human development** as a fundamental work of evangelization. In September the Council began working to identify **three pastoral priorities** that our parish ministries, organizations, and activities will focus on for the next 2-3 years.

The Council's discussion of priorities is using the results of our 2008 Vision Day and various assessments of our vitality made by parish leaders over the past 8 years. Several meetings have also engaged the leaders of parish organizations in discussions of their plans and needs for the future. In addition, since every parish is called and established to serve the community where it is located, the Council has reviewed a great deal of information from the 2010 U.S. Census.

For the benefit of our registered parishioners, Council members **Mark Tranel** and **Christine Kulla-Branz** have made a summary of census data about our parish. All are encouraged to read and prayerfully reflect on this information. The human needs of our community are clearly evident as is the mission mandate of Christ to use the gifts entrusted to us for the good of all.

Holy Name of Jesus Catholic Church serves an approximately 18-square mile area in Northeast St. Louis County. There are **69,214 people** living in **26,229 households** in that area of which 85.7 percent are African American and 14.1 percent are white.

Children are present in 39 percent of the households. The majority of children (51.7%) live in a household headed by a single female parent; one-fifth (22%) percent of children live in a home with married-couple parents; and 11.8 percent live in the care of their grandparents.

At 29 percent of all households, **a person living alone is another significant type of household** in the Holy Name of Jesus service area.

With a **median income** of \$34,000, households in the Holy Name of Jesus service area have incomes considerably below the St. Louis County median income of \$59,000.

While the **unemployment rate** is high at 17 percent, most households (77%) are working households. Only 5 percent of households receive cash public assistance; 27 percent receive food stamps. The **poverty rate** in the area is very high at 23 percent. Poverty is even higher among households with children.

Approximately 35 percent of children live in poverty although the parents of 80 percent of children are working including parents with very young children (under age 6).

With approximately 5,000 children under age 6 in the area and less than one-quarter of them (23%) in preschool, there is **a significant need for quality, affordable early child care**.

There are a significant number of **new residents** in the Holy Name of Jesus service area with about 40 percent of households having moved in since 2005 and 58 percent moved in since 2000.

Homeownership in the area is low with 38 percent of households renting. The **cost of housing** is a source of significant financial stress on many renters with 65 percent paying more than 30 percent of their income for rent and utilities.

A good many of the **working residents** of the area have to travel outside the area for their jobs. There are only 13,884 jobs in the area for the 27,374 who work and many of the jobs in the area do not match the skills of area residents.
